

To Our Valued Customers,

Please be advised that *165 Fire Protection Supplies*. Will be implementing a general price increase of approximately **10% to 15%** on all U.S. and off shore manufactured fire protection products as well as Other manufactured products where raw materials are sourced and imported to the United States. This price increase will be implemented **January 1st, 2022**.

The continuing decline in the exchange rate worldwide has resulted in the need to make these adjustments. This price increase will apply to the following items:

- ✓ Sprinkler heads and devices.
(dry & alarm valves, trims, supervisory valves, monitoring devices and accessories).
- ✓ Tyco Blaze master pipe and fittings.
- ✓ Anvil groove fittings.
- ✓ Steel Pipe and steel fittings.
- ✓ Pipe hanger materials as well as seismic bracing.
- ✓ Standpipe equipment including fire hose, brass fire hose valves and adapters, as well as fire department connections.
- ✓ CPVC Pipe and fittings.

Our new price list publications will be available in your protected area of our website on January 1st 2022. If you have not registered to receive access to your protected area and to receive your price list publications, please send us an email to be register.

Should you have any questions or concerns, please do not hesitate to contact your local 165 Fire Protection Supplies branch location.

Best Regards,

Frank Hernandez
